

Diane Matthews, MHA

Position: CEO, Corporate Secretary, and
Chairman of Board

BIOGRAPHY

Ms. Diane Matthews specializes in effective and strategic design, planning, deployment, training, and maintenance of healthcare technology. Diane is passionate about connecting with people and organizations for value sharing and growth. She is always keen on attracting like minded individuals and healthcare practices to create, collaborate and develop ways to improve healthcare technology and efficiency.

Diane has completed degrees in Paralegal (Associates), Business Administration (Bachelor's) and Healthcare Administration (Master's). Diane has held the position of CEO and President of a woman owned technology firm since 1990.

Diane has designed and developed custom database applications for a variety of sectors including textile, E-911, manufacturing and State of NC indigent and elderly transportation services. Clients include CMI Industries, Sara Lee Corporation, and Hanes Brands.

Diane has a keen sense of bringing together fragmented elements of projects, mold the pieces into a work flow design of coordinated efforts, roll out project plans, and refine processes into a more efficient and productive process. This culminates in savings of time and resources for clients while positioning the framework for future growth and expansion.

Diane has effectively leveraged her legal, business and accounting backgrounds to creatively develop a self funding for non-profit entities which leveraged tax laws to allow the borrower to generate tax free income while issuing promissory notes to church members, raising nearly half million dollars.

Diane is a visionary leader and technology innovative development executive who presents a record of bringing to fruition, while meeting or exceeding client goal objectives, increased productivity and efficiency while improving quality effectiveness. Success achieved through analytical thinking, research of healthcare and legislation, creative strategy, building and empowering teams for unsurpassed excellence. Highly principled relationship builder and leader who positions organizations for the next stage of growth strategically leveraging collaboration, trust, enhancing individual growth and instilling a culture of success.

Diane has a strong history of successfully breaking down barriers, internally and externally while being a creative thinker, envisioning the broader scope and impact, thinking outside the box to yield innovative and positive results.

Aligning Vision, Strategy and Execution to Drive Successful Innovation
